S. M. County To Stage Own 'Big 3' Meeting

The "mystery" letter from Dr. Charles C. Gans to the San Mateo County Board of Supervisors precipitated board action that will bring County Executive Frederick Peterson, Dr. Gans and the supervisors together to discuss the county charter and "overlapping authority," it was learned today.

Dr. Gans, director of public health and welfare, charged Peterson with interfering with Dr. Gans' administration of the health department and of ultimately causing "demoralization and disintegration" of the health department structure.

The bristling six-page letter asked the supervisors to restrain Peterson and to vest intra-office administrative powers in Dr. Gans, as well as to define the line of demarcation between the county executive and the health director.

Althugh Dr. Gans presented individual copies of the letter to supervisors in caucus yesterday morning, Chmn. Edward R. McDonald today said the supervisors had not yet s tudied the letter.

However, he confirmed the pending meeting which, he said, would be "to find out if we can make the charter work."

Supervisor Alvin S. Hatch confirmed McDonald by adding the conference would be to "keep the county government going."

The letter, which reverses the usual Peterson vs. Gans charges, was presented "in behalf of the best interests of our county."

Dr. Gans, after upholding the past record of his department, pointed out "a certain degree of misconception and conflicting opinion."

That all was not smooth was confirmed by an anonymous courthouse official today following reports that Peterson and Dr. Gans "had it out" in Peterson's office last week.

Peterson, it was understood, ordered Dr. Gans to leave the office while the doctor defiantly refused and verbally accused the county executive of "strangling" the health department.

The latter he attributed to Peterson's office, which, he said, "is assuming certain responsibilities that cause over-lapping direction, which, if carried on, will result in demoralization and disintegration of our present structure."

Asserting his department has "leaned backward in most instances . . . against our better judgment," Dr. Gans alleged the "county executive's orders and requests at various times were confusing and conflicting, and not in the best interest of consistent, smooth operation."

The doctor asked the supervisors to approve a schematic design "which clearly shows progressive direction without overlapping of conflicting authorities . . . because we . . . cannot be repeatedly caused to design new methods, merely on the opinion of one who does not believe it is correct."

He charged Peterson with delaying recommendations to replace the single central store and institutional stock account for Community Hospital, Canyon Sanitarium, Relief Home and the Juvenile Home, after the county executive had abolished the account by directive order.

Peterson's criticisms of the health department have been consistent and unjust, Dr. Gans said, and accused him of publicizing "minor incidents of operation which would usually occur in any governmental department operation."

Mead's Letter To Council

Immediately after the reading of communications at the city council meeting Monday night City Mgr. Robert W. Mead leaned over and handed City Slerk Ralph S. Dodge a letter requesting it to be read aloud to the council.

Mead's letter said:

"Honorable Mayor and Members of the City Council:

"For the past several months, I have been considering the advisability of remaining in the position of city manager of Redwood City due to the feeling of differences between members of the city council and myself. These differences have become a matter of public controversy and have not been for the good of the development of the community nor for my own welfare.

"I have had no desire to remain in a situation where I could no longer administer the affairs of the city in a proper manner. I, therefore, tender my resignation to the council.

"Inasmuch as the final budget is in the process of preparation, if the council so desires, I will remain on active duty until its presentation at the council meeting, Aug. 20.

"I have been employed in the capacity of city manager of Redwood City since Oct. 26, 1942, a matter of 33 or 34 months. To date I have had no time off or any vacation granted me. I, therefore, respectfully request that the council grant me accumulated vacation time due me and that my resignation become effective immediately thereafter.

"Very truly yours,
ROBERT W. MEAD."

Burlingame Moves Toward City Manager

BURLINGAME—The Burlingame City Council took its first step Monday night to the creation of a city managership form of government.

Councilman R. J. Roth moved that the council appoint a committee to investigate and report on the best course of action to take in setting up a city managership form of government. The motion was seconded by Councilman Allen A. Hunt.

Timing is Vital in Growing Fine Beans All Summer

Wax Beans Are Considered by Many to Be Tenderest of All.

Beans, one of the Victory garden's most important crops, should not be planted until the ground is warm. They are very tender to frost or to cold cutting winds in their younger stages. Gardens with light, warm, sandy soil can get an earlier bean start than those with heavy colder soil.

The first crop, in which we take a gamble with the weather, should be given the warmest, mellowest, and best drained patch in the garden. Later on when the frost danger is past it will make little difference, as the bean is the most obliging of vegetables and will even produce a fair crop in positions much more shaded than some other vegetables will tolerate.

The choice of varieties is first of all whether you want to grow green beans or wax beans. Both have their advocates as to superiority of flavor. Then you may choose whether you want a round podded or a flat podded bean. Round pods are thicker and filled with flesh and have higher table quality, but the flat pods yield a larger crop.

There are numerous excellent varieties from which to choose and almost any sort offered by a reliable seed house will give excellent results.

The one warning concerning their cultivation is not to work the patch while the leaves of the beans are wet, either with dew or from rain. Rust seems to follow. A rust spotted pod ruins it for culinary use and this is about the only disaster likely to happen to a pod bean.

Pole beans are the heaviest yielders of the family, and in the small garden will give more food for the space occupied than any other crop.

They are later in season and more tender than bush beans. They should not be planted until the weather is settled and the ground warm. Plant six to eight seeds in a hill, and thin out to the four strongest. The hills should be two feet apart.

The secret of quality and abundant yield in pole beans is to pick them before they form seeds and keep the vines picked clean. Kentucky Wonder is a favorite pole variety. It will produce pods ten inches long, if you wish, but these pods will have strings. If they are picked half grown the strings will not bother and the quality will be much better.

Soldier Killed, 16 Persons Hurt in Weekend Accidents

One soldier was killed, two service men critically injured, and at least 14 other persons suffered minor injuries in a series of weekend accidents on the Peninsula.

Pvt. William Kersten, 23, of Ft. Lewis, Wash., was pronounced dead upon arrival at Dibble General Hospital yesterday at 3 a. m. following an accident just south of the San Mateo-Santa Clara County lne on El Camino Real.

Seaman 2/c Richard N. Strange, 18, coast guardsman, whose mother lives in San Mateo, was in critical condition at Dibble Monday as the result of the motorcycle-truck collision.

Santa Clara County officers of the California Highway Patrol who investigated the accident said Kersten, operator of the motorcycle, apparently failed to see a truck driven by Robert F. Ralston, 23, of 3840 El Centro Ave., Palo Alto.

The northbound motorcycle crashed into the side of Ralston's truck and trailer as the latter was turning onto Palo Alto Ave., patrolmen said.

Strange, riding on the motorcycle, suffered possible fractures, Dibble attendants said. His mother is Mrs. Blanche Strange, 2624 Isabelle Ave., San Mateo.

CHP officers in Redwood City Monday were unable to question T/Sgt. Windsor Eli, 22, Ft. Ord, who was confined to Dibble with serious injuries following a three-car crash on Bayshore Hwy. near Belmont Sunday night at 11:40 o'clock.

Eli is believed to be the driver of a stolen car which clipped the rear fender of a car driven by Franklin A. Edgar, 31, 240 El Camino Real, Burlingame, and then crashed head-on into a car driven by Horace W. Moxley, 1312 Sixth Ave., Belmont, patrolmen said.

Mrs. Ascension Garcia, 45, of Redwood City was taken to San Mateo Community Hospital for observation shortly after noon Sunday following a collision in which the car driven by her husband collided with another car at El Camino Real and Hemlock St., Redwood City police reported Monday.

According to police, a car driven by Benjamin L. Burns, 45, of 39 Exford Ave., Redwood City collided with the Garcia automobile as both cars were making a left turn from El Camino Real into Hemlock St. The Garcias reside at 210 Hemlock.

Mrs. Lois L. Rondon, 23, of 219 Hazel St., Redwood City, and her husband, Manuel Rondon, 29, were injured when their car, driven by Mrs. Rondon, went out of control on Fifth Ave. near Bayshore Hwy., Sunday at 1:50 a. m. and overturned, patrolmen declared. The couple was taken to Palo Alto Hospital for emergency treatment.

Eight persons—all of San Francisco—suffered minor injuries in a head-on crash on Skyline Blvd. north of the La Honda intersection Sunday at 7:45 p.m. Drivers were Ernest F. Larson, 32, and Roger Langley, 28, both of San Francisco.

Jed L. Spencer, 34, of San Mateo, was slightly injured in a collision with a car driven by Joseph L. Carreia, 21, of Newark Sunday at 1:45 a. m. The cars crashed head-on on Bayshore Hwy. near Dumbarton Ave.

Donald Buell Trains At Catalina Base

Donald Buell is at the U. S. Maritime Training Station, Catalina Island, today, arriving after a trip south on a troop train which struck a car, killing a family of four persons, he said in a letter home.

Seventeen-year-old Buell was graduated from Sequoia in June. He worked in Redwood City while attending Sequoia, at one time in the circulation department of the Tribune.

He is the son of Mrs. Alice Buell, 1905 Hopkins St.

No Hurry In Hiring City Manager

The city council will take its time about hiring a new city manager, Mayor W. W. Hilton announced Wednesday.

"We have no intention of rushing into an appointment and since no politics are involved, we can take our time," the mayor explained.

"If we had anyone in mind, we would naturally want to hire him right away," Hilton stated, elaborating on why councilmen have said they are going to be cautious and careful in the selection of a new city manager following Robert W. Mead's resignation Monday night, which became effective then.

"The council expects many applications and persons wishing to apply for the job may do so at the city hall," Hilton said, acting as official spokesman for the council.

Meanwhile, the council will place advertisements in the League of California Cities' publication and the National City Managers' Assn. bulletin concerning the vacant position, the mayor reported.

Evidence pointed today toward the choosing of a city manager by the council who is an experienced man, possibly with a background in the engineering field. The city charter states that the city manager "shall be chosen by the council without regard to political consideration and solely with reference to his executive and administrative qualifications."

Mead, city monager since October, 1942, tendered his resignation to the council following months of argument and heated debate led by Councilman Floyd D. Granger.

La Honda Services, Festival, Sunday

Sixth annual Memorial Military Mass and Mission Festival in La Honda's "Cathedral of the Redwoods," will be held Sunday at 10:30 a. m. The non-denominational service will commemorate California's dead fighters, featuring services with the all-male choir of St. Ignatius Church in San Francisco and an escort of honor from the U. S. Navy and the dress battalion of the California State Guard from San Francisco.

A day of entertainment and sports makes up the Mission Festival, second part of the day's program, honoring the padres who established California's missions and the site of many California towns and landmarks. The program is sponsored by interested citizens of San Mateo and San Francisco counties, and proceeds of the celebration go toward the maintenance of Coastside Catholic missions at La Honda, Pescadero, Half Moon Bay and Moss Beach.

R.C. Marine Wins Base Track Broad Jump

Marine Sgt. Richard Fortier, 22, former Sequoia High School track and water polo star, won the Third Marine Division track meet broad jump at a rest base with a leap of 20 feet 5 inches, the marines announced.

Fortier enlisted in the marine corps in December, 1942 and went overseas last March after training at San Diego, Tennessee, and North Carolina. His brother, Sam, is with the army engineer corps. Fortier is with a marine aviation detachment.

The boys are the sons of Mr. and Mrs. Ernest Fortier 1118 Fay St.

Owner of Tribune Seeks Permit To Erect Radio Station in P.A.

Application from Peninsula Newspapers Inc., the owner of the Tribune, for a permit to erect a frequency modulation radio station in Palo Alto is on file with the Federal Communications Commission in Washington, D. C.

The station, if erected, will serve the Palo Alto-Stanford University area.

Endorsers of the project include Mayor J. Byron Blois of the City of Palo Alto, Pres. Donald Tresidder and various department heads of Stanford University.

"The City of Palo Alto particularly needs local broadcast facilities now and will have even greater need for them during the postwar period to better acquaint our citizens with municipal problems, and to secure the maximum of co-operation in civic affairs," said Mayor Blois' statement. "We also have a recreational program which could be greatly helped by a local broadcast station."

Dr. Tresidder in giving Stanford University's endorsement to the proposed project said: "For a considerable time, the university has felt the need for more adequate radio coverage of its own educational activities. . . . The university not only has a considerable number of students of radio technique, public speaking, music, speech and drama but also in its laboratories and among its professors are potential radio materials which if broadcast would measurably enrich the cultural and political life of this and nearby communities."

Programs of both entertainment and educational value would be provided by the various departments of Stanford University. The Stanford School of Education, said Acting Dean Lucien B. Kinney, would welcome the location of the proposed radio station for broadcasting its programs of various purposes, including those for use in school classroom activity in the area served, also programs for adults, designed to increase their understanding of community and regional problems, and to provide a sounding board for student forums on important issues; and programs in which the school of education could outline trends and issues of modern education for the benefits of teachers in the area served.

The radio dramatization of great plays and of outstanding events in American history by students in the Stanford department of speech and drama is among the benefits to the university which Hubert Heffner, executive head of the department, foresees in the erection of the proposed station.

City Council Accepts Manager's Resignation

BY JUNE ANDERSON

Robert W. Mead resigned as city manager of Redwood City Monday night.

Swiftly following the reading of Mead's letter of resignation early in the council session, Councilman C. C. Armstrong bluntly reported that "I had intended to offer a resolution tonight declaring the office of city manager vacant. I now move that the resignation be accepted."

Unanimously, the council voted to accept Mead's brief, veiled resignation move, dated July 17, the day after the previous council session.

Each councilman vigorously denied that he had anyone in mind for the vacated city manager position. Mayor W. W. Hilton explained that the position would be declared open by public notice and that applications would then be accepted. Councilmen could not be pinned down as to how long the position would be vacant before action would be taken.

Armstrong chose to ignore Mead's offer to remain as city manager until the 1946 budget is presented to the council at its next meeting, Aug. 20.

"The resignation shall be accepted as of this date with salary and vacation time accorded the city manager as judged legal by the city attorney," Armstrong stated sharply in presenting the resolution for a roll call vote. Councilman Harold F. Anderson seconded the motion.

Mayor W. W. Hilton was then directed by the council to sign all city bills and pay checks until such time as a new city manager is appointed. City Atty. Paul A. McCarthy ruled that the mayor does not act as city manager at this time but merely has special duties conferred upon him.

Almost immediately, Councilman Carl Britschgi, a long-time supporter of Mead, demanded the council's attention and moved that the mayor instruct all city employes who maintain residences outside the city limits to adjust their residences to conform with the charter or be prepared to search for new jobs if they have not moved by Aug. 20, the next council session.

Armstrong seconded Britschgi's motion. Councilman George McNulty then demanded "that no city employes be exempted and that includes the port manager too."

At this point, Alfred (Red) Morton, Redwood City recreation director, requested the attention of the council.

"I've lived here 18 years. Twice I've been evicted and can't afford to purchase a home," Morton, ardent booster of Mead, stated. "Now I've had to move outside the city limits, which doesn't make me any less interested in Redwood City or any less a citizen of this community."

"I ask the city council to hold a special meeting with city employers who live outside of Redwood City in order to effect a remedy to the housing situation. We want to continue working," Morton flashed.

The overflow crowd which packed the council chambers clapped loudly at the conclusion of Morton's speech. Councilman Anderson then moved that an informal meeting be held by the council with employes living outside of Redwood City. The motion was seconded by Britschgi and passed unanimously.

In a matter of minutes, councilmen had accepted Mead's resignation, minus any attacks on the city manager's administration or flare-ups from Mead's arch-foe, Councilman Floyd D. Granger. Quickly passing on to routine matters, the council dismissed the subject until Mrs. Nelle L. Miramontes, city tax collector, asked to speak.

"I recently celebrated my 30th anniversary as a city employe," Mrs. Miramontes began. "I appreciated all that Mr. Mead has done. He has always been great help to us. I want to state now that he is one of the finest men I have ever known and I've worked under many men.

"I am very disappointed in the action of the council. We all wish that Mr. Mead had believed in the "Climate Best by Government Test" slogan and had moved here. We want to wish him the best of luck in his new venture," the veteran tax collector concluded, sitting down amid thunderous applause from the audience.

Questioned after the meeting, Mayor Hilton reported that the council had reached its unanimous decision to oust Mead at the council's dinner meeting Friday night.

Mead, now 48 and a resident of Palo Alto, said his future plans were not complete but indicated he would go into a private business. He was appointed to succeed the late Charles L. Dimmitt, who died July 26, 1942.

Prior to accepting the position of city manager here, Mead was regional WPA administrator for the 11 Western States. He attended the University of Pennsylvania before being employed by construction firms in the East. He came to California in 1933, living first in San Francisco and then in Burlingame. Mead was district WPA administrator with headquarters in San Jose before becoming Western States director.

City Attorney McCarthy declared today that no member of the council could resign and be appointed city manager under Section 9 of the city charter.

At least twice before during his administration, Mead faced fire from the council because he did not move to Redwood City as provided in the city charter. In January, 1944, and again in August of that year, the question of city employes living outside the city limits drew heated charges from councilmen.

At present, Port Mgr. A. A. Moran, Miss Wilhelmina Harper, head city librarian; City Clerk Ralph S. Dodge, Recreation Director Morton, Asst. City Engr. Charles E. Randlett, Patrolman Ervin Bedford and John Oliver, of the street department, reside outside the city limits.

Although Mead's residence is blamed on the surface for his proposed ouster by the council, the matter was brought to a head when the council deadlocked at its two July meetings on the salary increase for the city manager which was included in the blanket 10 per cent boost for all city employes in the 1945-46 salary ordinance.

When Councilman Evans A. Fletcher returned from a five-week trip, action on Mead's ouster was precipitated.

S.F. Public Utilities Group Considers Peninsula Protests

The San Francisco Public Utilities Commission is seriously considering Peninsula protests to the proposed 15 per cent increase in water rates for all Hetch Hetchy users, City Atty. Paul A. McCarthy told the city council here Monday night.

Having just returned from the commission hearing in San Francisco where he acted as spokesman for Redwood City, Burlingame, Belmont and Hillsborough, McCarthy said he presented the cities' protests as reported in the Tribune yesterday.

"Our objections were received with great interest by most commissioners," McCarthy reported, "and the group decided to meet again next Monday to discuss our protests."

"I was asked to attend the next session and during the course of Monday's meeting, received the impression that there are some hopes that the Peninsula may be exempted in the proposed rate boost," the city attorney disclosed.

Also attending the meeting from the Peninsula were City Atty. I. Karmel of Burlingame; Harry Schuck, water superintendent of Burlingame; a representative of the California Water Service which supplies water to San Mateo, San Carlos, Menlo Park and Atherton, and W. P. Davis of the Belmont Water Dist., McCarthy said.

The council also Monday night:

1. Heard statements from Lisle Winter, street superintendent, and Alfred Morton, recreation director, that all departments of the city government, in their opinion, should have representatives on the civil service commission committee which is to study merits and defects of the civil service system here.

Contrary to action taken by the council July 16 when it agreed to have only one elected representative from the city employes on the committee, councilmen Monday night voted to have Joseph Lodi represent the fire department, S. E. Douglass of the police department, Winter of the city corporation yard; Morton, representing the city hall employes, and Miss Wilhelmina Harper of the library staff, to be seated on the committee.

2. Moved that petitions submitted for the putting in of sidewalks and curbing at Beech St. Bay Rd. to Chestnut and along Jefferson Ave. be referred to the city engineer for a report.

3. **Adopted the 1945-46 salary ordinance providing a blanket 10 per cent salary increase for all city employes except the city manager.**

4. Adopted the park and recreation commission ordinance, establishing a regular nine-man commission not subject to the "arbitrary whims of the council."

5. Approved the grant of two acres of valuable business property on El Camino Real just north of Brewster St. to the American Legion by Henry D. McGarvey. The grant also states that the property will revert to the City of Redwood City upon the termination of the American Legion.

6. Granted dance permits to the Club Scamus and the Deacon Club with Councilman C. C. Armstrong voicing a protest.

7. Moved that the council meet as a body with the planning commission Aug. 14 to survey drainage along Westgate. Brewster and Hillview and to view the corner at Pine and Lathrop Sts. where Grover Allspaugh intends to construct a laundry providing the council will change the zoning from business to light industry.

8. **Moved that the city clerk advertise for sealed bids for city property at Chestnut St. and Broadway along with the selling of the old Central School, a total of 63,000 square feet. Bids will be opened during an adjourned council meeting Aug. 29.**

9. Granted a permit to C. E. Silliman of 948 Laurel St., San Carlos, for the establishment of a 1000-unit cold storage plant at Cassia and Hilton Sts. The electrically equipped plant will be for home owners only and is the first business of its kind to be established in Redwood City, the council was informed.

10. Moved to adjourn until Aug. 13 at 10 a.m. when councilmen will sit as a board of equalization.

Attack Victim Identifies Assailant

Mrs. Florence Burk, 52, Redwood City attack victim, Tuesday identified on of her assailants as Pvt. Louis Garcia, Dibble General Hospital patient, when Dep. Sheriff Jack O'Brien, accompanied by military authorities, took the 25-year-old airborne infantryman to Mills Memorial Hospital.

Mrs. Burk, who suffered bruises and lacerations when two soldiers beat and robbed her early yesterday morning on Woodside Rd. and Alameda de las Pulgas, told O'Brien she was sure Garcia was the sergeant called "Bob" by a companion.

Garcia, held at the Dibble guardhouse, refused to disclose the name of his companion, O'Brien asserted.

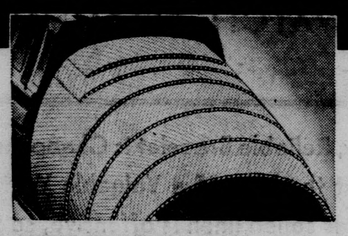
O'Brien declared Garcia is a former sergeant. Custody of the soldier will remain with the military until charges and prosecution are determined, he said.

18 Inductees Leave Tomorrow for Beale

Eighteen young men were scheduled to leave Redwood City Thursday morning for Camp Beale, Marysville, for induction into military service, according to announcement made today by George Paul, clerk of the United States Selective Service Headquarters, Local Board 106.

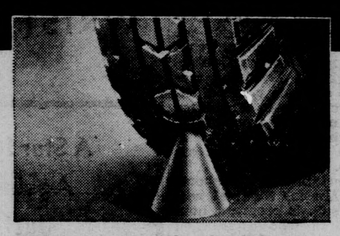
Those listed for departure are Robert W. Ottsman, James V. Malcuit, Theodore A. Mutz, Andrew B. Blakely, Lawrence A. De Rosa, Jr., Richard Clegg, Donald E. Kell, Samuel F. Wisnom, Jr., James Balanesi, Donald Armstrong, Kenneth N. Ward, Willard E. Stimpson, Angelo Banchero, George H. Schaefer, William F. Hatzenbehler, Ralph F. Clarke. Transferred from other boards to this area and accompanying the local youths are James D. Lynn and Mack M. Takahasi.

MORE MILES-OF-SAFETY ON RIVERSIDES!



EVERY RIVERSIDE PLY IS 12% STRONGER

Yes, Riversides are actually stronger than our pre-war first-quality tires! Stronger, because Riverside *cords* are stronger to *start* with; then chemically-strengthened . . . to make your tire last longer, and lessen the possibility of a blow-out.



PROOF THAT RIVERSIDE TIRES CAN "TAKE IT"!

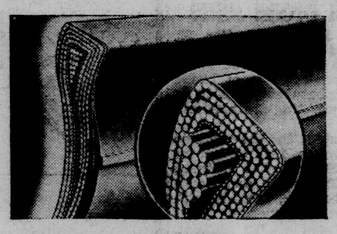
Tests like this one prove that Riversides' 12% stronger plies give greater protection against blow-outs! This big steel spike is "shot" into the spinning tire like a projectile! It actually *buries* itself in the tire. Yet . . . no rupture, NO BLOW-OUT!

89% OF RACE WINNERS CHOSE RIVERSIDE TIRES!

Auto-Race Drivers, to whom tires meant life or death, bought Riversides. Regular "stock" Riversides, right in Wards stores! Why? For the same reason that makes thousands of car-owners choose Riversides today:—More miles-of-safety.

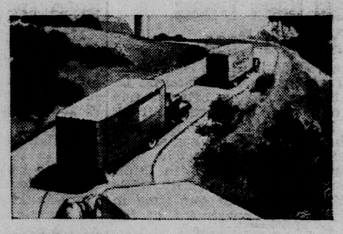
6-ROW TREAD STOPS FAST, WITHOUT SKIDS!

It's the WET of the pavement that causes skids. Eliminate the water—and your car stops. The Riverside tread does *just that;* it squeezes the water out from under . . . forcing it into the grooves for a quick, safe stop!



280,000-LB. STEEL STRENGTH IN BEAD!

It's this steel bead (or wire) that keeps your tire on the rim. Riverside's extra-strong bead is extra-firmly anchored. It's thoroughly insulated to minimize friction. (You'll find that in Riverside tires, not a single safety-detail has been overlooked.)



25% OF THE "BIGGEST" BOUGHT RIVERSIDES!

When peace-time plenty permitted them to choose ANY tires, 25% of America's biggest truck-operators (who keep a miles-per-dollar record of every tire) bought Riversides. And *more* Riversides! They got more miles . . . more miles-of-safety.

"RIVERSIDES DIDN'T COME ON MY CAR; I CHOSE THEM!"

Your neighbor's Riversides didn't *come* on his car; he chose them himself, to *replace* the tires he found on his car as "original equipment." He chose them *deliberately,* in preference to all the other famous tires. (*Ever ask him why?*)

38,621,055 RIVERSIDE TIRES SOLD TO DATE!

Yes, more than 38 million Riverside Tires have been sold, in all. And every last one of them was a deliberate "replacement" sale; the careful choice of a person like yourself. (*It couldn't have happened . . . without some pretty good reasons!*)

NO FINER TIRE MADE REGARDLESS OF PRICE!

Now (with a ration certificate) you can get the extra-wear and extra-safety of Riversides, at the lowest prices in months! For More Miles-of-Safety, change to Riversides—warranted to give satisfactory service without limit of time or miles!

Paul A. McCarthy Protests Proposed 15 Per Cent Increase in Water Rates Here

Vigorously protesting the proposed 15 per cent increase in water rates for all users of Hetch Hetchy water, City Atty. Paul A. McCarthy of Redwood City, representing the cities of Burlingame, Hillsborough, Belmont and Redwood City, appeared before the San Francisco Public Utilities Commission Monday afternoon and outlined the Peninsula's objections to the rate boost.

He based his protest on:

1. The historical situation.
2. Peninsula cities are wholesalers of water.
3. Exclusion of part of cost of the San Francisco water system.
4. Physical difference of Peninsula consumers.
5. San Francisco's fixed policy to encourage Peninsula growth.
6. Any increase is economically unjustifiable.

Under protest one, McCarthy stated that Peninsula communities were encouraged to abandon their local supplies of water and become wholesale users of Hetch Hetchy water during the last 10 years by the City of San Francisco. The bulk use of Hetch Hetchy water would justify abandoning local wells," communities were told.

"Despite two reductions in rates to the Peninsula, on Dec. 1, 1943, San Francisco consumers were granted a 15 per cent reduction in rates but this reduction did not apply to the Peninsula," McCarthy charged.

In protest two, the city attorney argues that in fixing water rates for the Peninsula, they must keep in mind that Peninsula communities purchased the water for resale while San Francisco residents were direct consumers.

"The Peninsula cities and the California Water Service Co., which serves San Mateo, San Carlos, Menlo Park and Atherton, have made large capital outlays for local distribution systems upon which some return of capital must be had from the consumer," McCarthy pointed out.

"In addition the Peninsula cities have all the retailers' operating expenses. The rate established by you must allow the local distributors the right to recapture these local costs of operation as well as a return on capital and still keep the rate to the consumer down to a point where it will not bar growth of the Peninsula," McCarthy stated to the commission.

"Any increase in the present rates will deter Peninsula population increase, will prevent industries from locating here and will be an indirect detriment to the City of San Francisco," the city attorney charged.

Under objection three, McCarthy said the rate base for Peninsula cities should exclude a large part of the cost of the San Francisco water system, including transmission lines from Crystal Springs, Lake San Adreas and Pilarcitos to San Francisco and the entire distribution system in San Francisco.

Physical difference of Peninsula communities, as pointed out by McCarthy, includes greater use of water because of larger areas of lawns and gardens on the Peninsula.

"For decades every administration of San Francisco and its chamber of commerce have proclaimed an interest in the growth of the Peninsula, the only direction in which San Francisco can expand," McCarthy reported. "One incentive for this growth is reasonable water rates for domestic, commercial and industrial purposes.

"Your annual report for 1943-44 shows that over nine per cent of water revenue came from suburban consumers. An increase of 15 per cent in the rate would require the average householder on the Peninsula to pay an additional charge of approximately $5 to $6 for domestic water—a really substantial burden," McCarthy claimed.

"If you put into effect a rate which will drive the Peninsula to the formation of a water district and securing an independent source of supply, you will cut off a highly remunerative business ($800,000 worth of water sold to the Peninsula last year) which is a source of net revenue that will increase annually faster than revenue within the City of San Francisco by reason of the proportionately faster growth of population and industry in San Mateo County," the Peninsula spokesman charged.

"Since your annual surplus earnings are about $2,000,000, this proposed increase of rates is an arbitrary one, unjustifiable by any public utility accounting or rate-making practice," McCarthy said.

"If the California Railroad Commission had jurisdiction of your rates, no such increase would be authorized," the attorney charged. "The trend of all public utility rates is steadily downward. This proposal is a reactionary measure."

"Furthermore, Mr. Cahill attempts to justify the proposal because the alternative in a bond issue of $10,000,000 or $15,000,000 for an additional transmission pipe line across San Joaquin Valley and across the Bay to Crystal Springs Lake.

"As the Peninsula consumed less than 10 per cent of your total water sold, is it not inevitable that the new transmission line will have to be built to provide for San Francisco?" McCarthy asked.

"Every reason indicates that no increase in water rates should be enforced on your Peninsula consumers, particularly since they did not receive the 15 per cent reduction granted San Francisco on Dec. 1, 1943," McCarthy concluded.

Swimming at R.C. Harbor Banned; Water Contaminated

Swimming at the Redwood City Yacht Harbor Monday was prohibited following tests of the water conducted by the State Department of Health and the Count Health Department.

C. G. Gillespie, head of the Bureau of Sanitary Engineers, State Departmen of Health, declared that tests made of the water on two occasions revealed that the water of Redwood Creek at the Yacht Harbor was contaminated a large part of the time.

Members of Gillespie's staff were conducting a survey of the area for the sewage disposal plant provided in Redwood City's $100,000,000 bond issue.

"Our recommendation is that swimming be stopped in the recreation area at the Redwood City Yacht Harbor," Gillespie stated.

Concurring in the state department's report, John W. Fickeisen of the sanitary section, county health department, reported to Mead yesterday that "the county health department had checked the state's report and that our findings substantiate the state department's conclusions.

"We recommend that bathing in this area be prohibited," Fickeisen, stated, acting on behalf of Dr. Charles C. Gans, director of the county health department.

Notices will be posted as soon as posible to warn swimmers if they enter this water, they are doing so at their own risk.

"The harbor master will be instructed to inform swimmers of the contamination warning until the notices can be posted."

STEADY WORK!

Young growing firm in San Fernando Valley not dependent upon war work has opening for a few people who want steady work regardless of the war's duration. Day Shift — Sundays off—Time and one-half overtime for over 40 hours.

This firm is solely owned by one person—(has no stock for sale) — and has a substantial backing of postwar business on hand. A & E Mechanics wanted; also a few highly skilled aircraft sheet metal mechanics.

This is a splendid opportunity for those who can qualify. Write your qualifications.

VAN NUYS, CALIF.

Two Soldiers Attack R.C. Woman

San Mateo County deputies and military authorities today sought identity of two assailants — believed to be soldiers — who beat and attempted to rape Mrs. Florence Burk, 52, of Redwood City, early Monday morning.

Mrs. Burk, confined to Mills Memorial Hospital with lacerations and bruises, told deputies she followed her usual custom of walking her Scotty dog at 10:30 p.m. Sunday and went to the Blue Moon Cafe to have a sandwich.

Two soldiers — one described as tall, dark and wearing sergeant's stripes — offered her a ride home, but she refused she said. Upon their insistance, she accompanied them although her home at the Ideal Auto Court was only a short distance away, she continued.

They drove past the auto court and turned onto Woodside Rd., where they stopped near Alameda de las Pulgas.

The sergeant jumped into the back of the car, and Mrs. Burk screamed. She was then struck from behind, and recalled nothing until she regained consciousness in a hay field at the scene, she told deputies.

Her purse, containing $16 in cash and ration books, and her dog were gone, but she still had $390 in currency she had hidden in her stocking, she said.

She walked to the Aurora Inn where Emil Mondzeck summoned deputies at 1:55 a.m. Monday.

The Scotty dog was found dead at Marsh Rd. and Middlefield Rd. early Monday, deputies said.

Wife, Daughter Share Estate

Frank P. Simmen, former San Mateo mayor who died July 30, bequeathed his estate to his widow and daughter, according to a petition for probate of will filed in superior court here.

A will, dated Apr. 28, 1931, named Edna Walsh, the daughter, to receive a house in San Francisco and 500 shares of capital stock in the Simmons Co.

His widow and petitioner, Mrs. Frieda E. Simmen, who resides at 329 Elm St., San Mateo, is to receive the residue of the estate, according to the petition.

Value of the estate is in excess of $10,000, the petition states.

Cahill To Get Flying Cross

Award of the Distinguished Flying Cross will be made to Lt. Robert Cahill of San Carlos, according to word received by the P-47 pilot, it was announced Monday.

Cahill is a veteran of 90 Thunderbolt missions and was reported missing early in April, later to be released from a Nazi prison camp. He is the son of Mr. and Mrs. Martin Cahill of Chestnut St., San Carlos, and has a brother, Lt. Eugene Cahill, a bombardier with the air force.

Both fliers are graduates of Sequoia High School.

Tribune Circles Globe With Charles Guinasso

An Apr. 24, 1945, issue of the Tribune took a round-the-world cruise in the past several months and has arrived back in Redwood City still intact, Redwood City firemen reported Monday.

Charles Guinasso, former Redwood City fireman, left for overseas with the army Sept. 8, 1942. The 27-year-old soldier recently mailed a salt shaker set from Rome to his old buddies at the fire station.

For a wrapping, Guinasso chose the aforementioned Apr. 24 issue of the Tribune. Firemen reported today they're expecting "Charlie home fairly soon now." The former Sequoia High School graduate is the son of the Louis Guinassos of 1618 Oak Ave.

R.C. Boy Awaits Return of Shoes

Charles Beltramo, 11, was wading in the creek by the Southern Pacific Depot Saturday with several other youths. When he returned to the spot where he had taken off his shoes, they were gone. Further search around the area for a place where pranksters might have hidden them proved futile.

With help of a police patrol car, Charles was returned barefoot to the home of Mrs. C. Wood of Redwood City where he was spending the weekend. Charles doesn't have another shoe stamp and the ration board won't give him any, so unless somebody returns them to 445 Redwood Ave. he will be minus a pair of shoes. They are size 5½.

Blood Bank Seeks 100 More Donors

One hundred appointments are unfilled at the Blood Bank for Saturday, Red Cross headquarters announced. With with more than 300 donations needed as much as ever, only 200 people have signed up for this week. Donors should sign by phoning 4750 or by calling at the Baptist Church, Hudson and James Sts., Saturday morning from 9 to 12:30.

Cars will call for persons who have no means of transportation, and people going to the address may have their donations accepted without a previous appointment, the Red Cross announced.

Morris, Reeder Get Furloughs

T/5 George V. Morris, 1218 Brewster Ave., and PFC Herbert R. Reeder, 814 Roosevelt Ave., have received 30 days furlough and have left Camp Beale processing camp, the army announced.

The men arrived from Europe in the East and proceeded to Camp Beale where they received their furloughs. They will report at the end of their furloughs for further training with their units before being sent to the Pacific war zone.

Other Peninsula men arriving from Camp Beale are Pvt. Arthur Korell, 314 San Mateo Dr., San Mateo; Cpl. James A. Dickinson, 406 Grand Blvd. San Mateo; and S/Sgt. Silas F. Linder, 6A Lorton Ave., Burlingame.

Heber V. Tilden Wins Promotion

Heber V. Tilden of Redwood City, a veteran of World War I, has been promoted to the rank of lieutenant colonel, the Western Flying Training Command announced Monday.

Colonel Tilden is the owner of a utility engineering company in San Francisco. He is attached to Maj. Gen. Ralph P. Cousins' staff at Santa Ana as chief of the personnel station.

Born in San Francisco, he attended high school there and was in his first year at Stanford University at the outbreak of World War I. Tilden enlisted in an ambulance service unit recruited at Stanford and served 18 months overseas, winning the Silver Star.

After Pearl Harbor, Colonel Tilden enlisted May, 1942, and has served at several stations of the western flying command.

His family lives in Woodside Heights, Redwood City. He is the husband of Mrs. Eleanor Tilden, and they have two children, Eleanor and Heber.

B-24 Pilot Philip F. Ticer Reported Missing in India

Second Lt. Philip F. Ticer has been reported missing since July 23, a War Department telegram informed his parents, Mr. and Mrs. Glenn H. Ticer, 731 Edgewood Rd.

Lieutenant Ticer is a B-24 Liberator co-pilot stationed at Assam Valley, India, since May 1. He was graduated from Sequoia High School 1940 and was in his junior year at Stanford University when he enlisted as an air force cadet in 1943. The Ticers formerly resided in Portland, Ore.

He trained at Sheppard Field, Tex., and was commissioned a bomber pilot at Waco, Tex., in September, 1944. He left for overseas in April and was assigned to the 10th Air Force.

John D. Phillips, 52, Dies Instantly; Wheels Run Over Head

John D. Phillips, 52, Menlo Park resident, died instantly Monday night in a car-truck collision at El Camino Real and Fifth Ave. south of Redwood City.

Mr. Phillips was a passenger in a car driven by his wife, Mrs. Naomi B. Phillips, 45, when the vehicle was struck broadside by a truck and trailer.

He was thrown out of the car, and the truck wheels passed over his head, California Highway Patrol officers who investigated the accident said.

Edward H. Shields, 25, 1048 University Drive, Menlo Park, was driving the truck, patrolmen said. He was not held.

Mr. and Mrs. Phillips were returning to their home at 1127 Saratoga Ave., in Menlo Park, shortly after 11 o'clock after visiting friends in Woodside, authorities declared today.

Patrolmen said Mrs. Phillips was making a left turn off El Camino Real onto Fifth Ave. when the northbound truck crashed into the passenger car.

Mr. Phillips, operator of a furniture store on Turk St. in San Francisco, was removed to Franklin & Crowe Mortuary, where funeral arrangements are pending.

Oh, Mr. Bones, Is You Is, or—?

A butcher who didn't know his bones sent deputy sheriffs to Half Moon Bay Monday afternoon where a "skeleton" was found on the beach.

The butcher, identified by Dep. Sheriff Jack O'Brien, as Charles Joos of San Bruno, explained in reporting to the sheriff's office, "those bones are unlike those of any animal I've ever seen, and I've been a butcher since I was 12 years old."

Deputies arriving at the Coastside scene found numerous bones packed among coil springs of an old automobile seat. Newspapers, dated 1943, were stuffed into the cushion, and the outer covering had been neatly sewn in place.

The deputies accompanied the remains to Redwood City where a physician performed a post-mortem yesterday afternoon.

"Hmm. Some kind of animal," the doctor asserted.

Car Kills Small Boy

MILLBRAE — The 17-month-old son of a sailor stationed at Tanforan was killed Tuesday in Millbrae when the wheel of a car rolled over his head and crushed it.

The infant, Raymond Charles Cosby Jr., son of Raymond C. Cosby Sr., Boatswain Mate 2/c and Mrs. Cosby, was killed at the Millbrae Auto Court on El Camino Real, when Walter McGee, manager of the court, accidentally backed his car over the child at 11:15 a.m.

Millbrae police revealed that the child was playing under the car unnoticed by McGee when he got in to back the vehicle out of his garage. Police say that the car rolled only two or three feet when the left rear wheel crushed the baby's head.

Marks on the inside of the tire proved that the child was under the car before the accident occurred, according to police.

Mrs. Cosby received a call about 11 a.m. and McGee went to her cabin to call her to the telephone in the manager's office. While Mrs. Cosby was talking on the phone, the child crawled under McGee's car.

Police said that Mrs. Cosby is suffering severely from nervous shock and is under a San Bruno physician's care. The couple has no other children.

On Borneo, close to recaptured oil-rich Tarakan, natives have grown rich from collecting edible birds' nests.

Supervisors Approve S.M. Airport

A permanent permit for operation of a new airport south of San Mateo was issued by the San Mateo County Board of Supervisors Tuesday morning who were told by Edward Watson that construction is already under way at the 340-acre site.

Watson, presently operating the San Mateo Airport, said fill-in work had started on the property which is located between 19th Ave. and the San Mateo City limits east of Bayshore Hwy.

The salt flats are just northeast of the proposed million-dollar Bay Meadows Airport backed by William Kyne.

Watson indicated the project would involve "several hundred dollars," had previously been granted a one-year revokable permit, but he asked the board to grant a permanent one in order that he could proceed with financing the project, he said.

Supervisor Martin Poss stated he had been told the salt-flats were to be filled in with dirt from the Casey Quarry, and that already more than $65,000 had been involved in the construction.

Watson is in the process of purchasing the land, Poss said.

Sequoia Associated Students Adopt Orphaned Belgian Girl

The student body of Sequoia High School has adopted a war foster child, the foster parents plan headquarters announced Monday. The child, Louise Mambour, is a 16 year-old orphaned Belgian girl, who with her sister struggled through the poverty of enemy-occupation and was placed, physically and mentally with a child project in Europe.

The cost of supporting the child will be $15 a month contributed by the Associated Students of Sequoia through concessions of their "Campus Day" celebration, proceeds from a Block 'S' Dance held at that time, and through contributions of social living classes at the school.

The students have made an initial contribution to support their "adopted" daughter for 10 months, and they plan to have various school groups earn regular contributions thereafter to contribute to the support of the orphaned child.

The foster child plan has its headquarters in New York. It has 56 children's projects in England, Italy, Malta, Belgium and France caring for child war victims of 14 different nationalities. It has aided 26,000 children since its organization.

War Chest Quota Increased

A $19,953 increase is scheduled for the goal of the County War Chest drive which begins Oct. 1, it was announced Tuesday, bringing the funds sought for the budgets of 13 local service agencies to $234,953 this year.

Contributions this year will also be distributed to the National War Chest, the executive committee, headed by Superior Judge Aylett R. Cotton, announced. The committee met in Burlingame and viewed the expanded budgets of the local agencies including the six Girl Scout councils, the Boy Scouts, YMCA, Affiliated Catholic Charities, San Mateo County Preventorium, the County Blood Bank and the Salvation Army.

Forty per cent of War Chest contributions will go to the National War Chest. Members of the county committee attending last week's meeting were U. S. Simonds Jr., chairman; George J. Davis, Miss Elinor Falvey, P. N. Lilienthal, J. J. Cavenari, J. G. Anderton, George H. Atkinson, H. D. Herkner, David Wisnom, Mrs. Floyd F. McCue, E. W. Stephens, C. W. Eltringham, Mrs. R. E. Pettingill, Mrs. H. P. Eder, Duncan Reynard, Mrs. Clinton Ohler and Daniel O'Connor.

PUBLIC NOTICE

Certificate of Partnership Transacting Business Under Fictitious Name.

We, the undersigned, RAY HAWLEY and MAURICE J. COUCHOT, do herby certify and declare that we are transacting business as a partnership in the City of South San Francisco, County of San Mateo, State of California, under the fictitious name of "HAWLEY INDUSTRIES," and that our principal place of business is situated at 455 Railroad Avenue, South San Francisco, California.

The names in full and places of residence of all of the members of said partnership are as follows:

Ray Hawley, 1525 Ralston Avenue, Belmont, California.

Maurice J. Couchot, 891 59th Street, Oakland, California.

July 2, 1945.

RAY HAWLEY
MAURICE J. COUCHOT

STATE OF CALIFORNIA }
City and County of } ss.
San Francisco }

On this 2nd day of July, 1945, before me, BERTHA RIESE ADLER, a Notary Public in and for the said County and State, residing therein, duly commissioned and sworn, personally appeared RAY HAWLEY and MAURICE J. COUCHOT, known to me to be the persons whose names are subscribed to the within instrument, and they acknowledged to me that they executed the same.

In Witness Whereof, I have hereunto set my hand and affixed my official seal at my office in the City and County of San Francisco, State of California, the day and year in this certificate first above written.

Bertha Riese Adler, Notary Public in and for the City and County of San Francisco, State of California. My commission expires Sept. 11, 1946. (SEAL)

(Endorsed) Filed in the office of the County Clerk of San Mateo County, Calif., July 18, 1945. W. H. Augustus, County Clerk; by Lydia Ricci, Deputy Clerk.

July 20, 27; Aug. 3, 10, 17, 1945

Democrats Endorse E. J. Carrigan

Edward J. Carrigan, who has been acting Postmaster of San Mateo lately, was endorsed by the Democratic County Central Committee, meeting in San Mateo, for permanent appointment to the postmastership. The recommendation, made with the concurrence of 19 of the 22 committee members, will be forwarded to Senator Sheridan Downey (D-Calif.) in Washington, D. C.

Carrigan will replace John H. Kelley, now under federal indictment.

Rene Cazenave, San Carlos, was chosen chairman of the central committee to succeed Carrigan, who resigned last month upon his temporary appointment as postmaster. John W. Thompson, Redwood City, was retained as vice chairman and the resignation of William B. Pedigo, labor editor, as secretary-treasurer, was tabled until the next meeting, in San Mateo, on Aug. 28.

Carl E. Cohenour of San Mateo, secretary of the County Central Labor Council and official of Retail Clerks' Union 775 (AFL), was named to Carrigan's place on the committee.

Looking to the opening of the political campaign for the 1946 elections, decision was reached to enlarge the committee by one member for each supervisorial district to swell the entire membership from 22 to 27. Candidates will be sought to oppose Congressman John Z. Anderson, State Sen. Harry L. Parkman and Assemblyman Harrison W. Call, all Republicans, next year, and an active part will be taken in the county elections.

Robert Blair En Route Home

PFC Robert V. Blair of Redwood City is en route home from Europe, the army announced Tuesday, returning with the veteran 808th Tank Destroyer Battalion, spearhead of Gen. George S. Patton's Third Army from the Moselle to the Danube. The battalion has a record of 225 consecutive days on the front lines.

WHY BE FAT?

Get slimmer without exercise

You may lose pounds and have a more slender, graceful figure. No exercising. No laxatives. No drugs. With this AYDS plan you don't cut out any meals, starches, potatoes, meats or butter, you simply cut them down. It's easier when you enjoy delicious (vitamin fortified) AYDS before meals. Absolutely harmless.

Try a large size box of AYDS. 30-day supply only $2.25. Money back on the very first box if you don't get results.

LOCK DRUG CO.

Things have changed in Half a Century

Market and Beale Streets, San Francisco, site of today's P. G. and E. headquarters building, as it looked in 1894.

Gas and Electricity are Cheaper, too

	1894	1945
GAS	$18.40	$2.59
ELECTRICITY	$13.49	$2.28

One Month's Bill for Present Average Use

FIFTY YEARS AGO the corner of Market and Beale Street, where the 17-story P. G. and E. General Office Building now stands, was occupied by the Holbrook Building, built in 1881.

Market Street was paved with cobblestones over which horse-drawn trucks and cabs rattled and rumbled. Cable cars clanged their way down the center of the street. The little Sutter Street trailer car, hauled by a team of half-broken horses, jogged down to the ferry building on the outside track. Those were the horse and buggy days.

Most of San Francisco's streets and homes were lighted with gas. Coal and wood were in general use for heating and cooking. Electricity was used in few homes and only for lighting. Modern appliances—automatic refrigerators, electric toasters, roasters, irons, washers and other electric wonder-workers of today were unknown.

In 1894 both gas and electric services were expensive luxuries compared to the low rates charged today as shown by these typical bills:

	1894	1945
GAS 4,600 cubic feet, the average monthly domestic consumption in San Francisco today	$18.40	$2.59
ELECTRICITY 71 kilowatt hours, present monthly average for domestic use	$13.49	$2.28

The "good old days" were not all good. Half a century of progress has brought countless advantages to the people of this generation, not the least of which are cheap, dependable electric and natural gas service, and a great variety of convenient, efficient labor and time-saving appliances.

Mobile X-Ray Laboratory Arrives for S.M. County Use

A mobile X-ray laboratory to visit San Mateo County cities offering free and voluntary X-rays of the chest, has arrived in the count, the San Mateo County Tuberculosis and Health Assn. announced. The mobile unit was purchased from the sale of Christmas stamps in the county which was oversubscribed $6000 in 1943. It will be supported entirely from the continued sales of the stamps.

The $20,000 unit will take X-rays in all cities throughout the county in an effort to curb and control the chest diseases. The unit will visit schools, colleges, industries and clinics. Signs of disease will be referred confidentially to specialists and private reports made to the subject's doctor.

Before the Tuberculosis Assn. decided to purchase the unit a demonstration was held in the county in May and July of 1944 and almost 2000 X-rays were taken, revealing 29 suspicious tuberculosis, 19 cardiac and six scilerosis cases, which were referred to the proper medical specialists. The unit was ordered by the health association in July, 1944.

Joseph Civelli of Hillsborough is president of the San Mateo County Tuberculosis and Health Association; Dr. John N. Blood and T. N. Thompson of Redwood City are vice president and treasurer; Mrs. J. M. Foley of San Mateo is secretary. Directors of the association from Redwood City are Mrs. Henry A. Beeger, Mrs. Florence Donnelly, and Col. H. W. Edmonds; Edwin P. Gerth, Atherton; Dr. Harry C. Warren, Belmont; Mrs. Mary K. Davis and Mr. Patrick J. Kearns, San Carlos, and Mrs. F. H. Crosby, Woodside.

William R. Moore Wins Bond at Dibble

William R. Moore, 410 Eighth Ave., one of the earliest civilian employes at Dibble General Hospital, was presented with a $25 war bond last week for his work in the bond drive at Dibble, it was announced Monday.

Moore is employed in the post engineer's department. The gift was voted by the Civilian Employes Assn. at Dibble.

Second Drunk Charge Jails Man Six Months

Marcelino G. Guerrero, 51, East Palo Alto garage operator, was sentenced to serve a six months' jail sentence Monday during his hearing for probation on a drunken driving conviction.

Guerrero was charged with drunken driving July 24 only one month after he had been convicted of his second drunk driving charge. The third charge is still pending.

PFC Louis Rodriquez Receives Bronze Star

PFC Louis A. Rodriquez, 59 Charter St., has been awarded the Bronze Star for achievement with the Fifth Army while in Italy, it was announced Monday.

Private Rodriquez has served with the 351st Regiment of the 88th Blue Devil's Division, which spearheaded the Fifth Army in the liberation of Rome and against the Germans in Northern Italy.

Rodriquez is a rifleman in the division. His wife is Mrs. Antonia Rodriquez, who resides at the Redwood City address.

SAFEWAY
NATURALLY FRESH
PRODUCE

There's no time like summer time for tender, fresh fruits and vegetables. And there's no place like Safeway to find them naturally-fresh . . . just as they come from the fields. So . . . for an eating treat . . . try Safeway produce now! And buy now, too, for home canning while fruits and vegetables are plentiful and prices low!

How to s-t-r-e-t-c-h your canning sugar

Because you want to cooperate with your Government . . . because your sugar supply is limited . . . because your family likes your home canning . . . we offer you these practical suggestions. A little ingenuity can make rationed sugar go a long way. For instance, you can use

Corn Syrup and Honey—Corn syrup or honey may be used to replace up to ½ the sugar specified in canning syrups. Corn syrup has about ½ the sweetening power of sugar.

To make syrup using corn syrup—Combine sugar, syrup and water and bring to boil.

To make syrup using honey—Combine sugar and water, bring to boil. Add honey, stir and bring to rolling boil. Skim. Honey imparts its characteristic flavor to fruits. It is best to use a mild flavored honey.

PROPORTIONS FOR SYRUPS

Either cane or beet sugar may be used for canning. The wartime canning rule allows one pound of sugar to 4 quarts of fruit.

Light Syrup—1 cup sugar to 3 to 4 cups water.
Medium Syrup—1 cup sugar to 2 cups water.
Heavy Syrup—1 cup sugar to ¾ to 1 cup water.

Heat to boiling, stirring until sugar is dissolved.

For berries and juicy fruits, substitute fruit juice for all or part of water in making syrup.

Allow ¾ to 1 cup syrup for each pint of fruit after it is packed in jar.

We recommend:
Canning of fruit juices without sugar.
Use for winter jelly making when your sugar supply is less depleted than during the canning season.

In using sugar stretchers for jellies, jams and preserves, we advise following specific recipes and directions. Frequently cooking time and texture are affected. If you use commercial pectins, be sure to follow the manufacturers' recipes.

Canned fruit holds its shape, color and flavor when sugar is used. But sugar is not necessary to keep fruit from spoiling. If your sugar runs short put up some fruit without sugar, and sweeten to taste when you serve. Process unsweetened fruits the same as sweetened.

Safeway Homemakers' Bureau
